MEMBER
NATIONAL NEGRO PRESS
ASSOCIATION

TEXAS THIS TIME

An appeal has come to us from a committee representing five hundred colored people of Texas City, Texas. After mentioning the recent devastating storm which swept across the Gulf States, and depicting their sad loss of homes and goods, the committee advises that the Negro population was "forced to work on the streets five days under United States soldiers and at the point of guns"—virtually prisoners. They were forced to work—the Negroes alone, no whites—and without pay. Families were separated, women treated shamefully, the sick denied medical attention, and constitutional rights taken away—all because of color.

That's Texas—the semi-barbarous State which long since made itself a place in the same category with shameful, benighted Georgia.

The appeal is primarily to the American Negro press and church for aid—"money and drygoods." But it includes the statement that these oppressed and wronged American citizens are about to organize a protective association and are going to the courts for justice.

That is the part that we like and wish to emphasize. That has been the burden of our cry through this column for the past year. If only the Negroes would get together for mutual protection—in local organizations affiliated with a great national organization—they could strike an irresistible blow against all forms of oppression and injustice.

The N. A. A. C. P. affords a splendid foundation. It is designed for just this purpose. It needs only the support of the people. It has the machinery, the personnel and the influence, but it has not the people. But it cannot be said to represent the race when thousands know nothing of it and millions are not connected with it.

We repeat what we have said before: Every Negro man and woman in America, young and old, should become at once an active member of this organization. If this were done, or even a majority of us were connected with this association, here would be a weapon which would make the oppressor tremble, and even the government itself yield and guarantee us our full rights.

KEEP UP THE PROTEST

"The Birth of a Nation," the infamous photo-play which libels and humiliates our race, is here. How long it will continue to show we cannot, at the present writing, say. We doubt that this prejudice-ridden city can muster a strong enough sentiment to stop it.

We are glad to commend the efforts of Mayor Kiel and Prosecuting Attorney Sidener on our behalf. We are satisfied that each of these officials did what he could in the premises. A large delegation of representative Negroes waited upon them last Saturday and presented to each in turn a vigorous protest, clearly setting forth the evils of this insidious film and pointing out the dangers of its showing.

The Mayor convinced us of his inability, under existing statutes, to do anything, but pledged his influence, which he immediately exercised. Mr. Sidener promised to forbid the presentation under the threat of prosecution, and he immediately made good his promise.

Meantime, the film representatives secured a temporary injunction, and the production had its opening Sunday evening as scheduled. The Chief of Police sent a committee to witness the performance, both to be on guard against any possible disturbance and to report to him upon the character of the objectionable scenes. The case was to have been heard before Judge Kimmel Monday afternoon, but a continuance was asked until Wednesday. Wednesday saw another continuance.

There the matter stands, as we write. We are satisfied with our efforts so far. We feel that the officials above mentioned have done their best up to the present. We feel that our protest was justified and dignified. But by no means ought we to consider ourselves through.

Should the court decide against us and the injunction be made permanent, then what we have done should be considered only the beginning. Our protests should be continuous, firm and dignified. Our aim must be to create a sentiment so strong that the white people can see the justice of our position.

And further, should our protests and our agitation end in no immediate result and no apparent good, we must be broad enough and far-sighted enough to work for the uplift and advancement of the entire race—not only for this day and generation, but for our posterity.

So the protest and agitation which we have begun we must continue.

HOUSE WARMING PARTY

Dr. R. F. Martyn, pastor of the First Baptist Church, was surprised by his members Tuesday night with a beautiful house warming party. About one hundred people met quietly outside his home, at 4331 West Belle, and listened a while as Pastor Martyn sat unobtrusively at his piano amusing himself. Then they started singing "Home, Sweet Home" and rang the bell.

When Mrs. Martyn opened the door, the crowd took this home by storm, lighting up all the rooms and taking full possession.

The dining room was filled with elegant gifts, including beautiful china, ornaments, embroideries, table and bed linen, and a variety of edibles.

The kitchen was also appropriated and the pastor's dishes, and a most dainty refreshment served. The younger set romped through the spacious residence, and had a big time. The pastor played several selections upon his handsome carved wood piano, and all went away with feeling satisfied that their pastor's beautiful residence is worthy of the position and prestige of old "Mother Church."

Handling My
Own Pianos

CHAS. H. WATKINS

To the Public: I am now handling my own pianos, own and manage my own store, and am in a position to compete in prices and quality with the largest piano dealers in this or any other city. I offer here a list of names of persons who have purchased pianos from me during the month of July: Dr. Breedlove, 2038 Market; Julius Harris, Laffingwell Market; Mrs. Wager, 2334 Lawton; Mr. Baird, No. 19 22nd St.; Miss Rebecca Johnson, 2429 Laclede; Edw. Dix, 2644 Lawton; Miss Lenora Hayes, 2015 Chestnut; Mrs. Anna Franklin, 3017 Adams; Miss Ora Lightfoot, 2219 Market.

If the Negro continues to patronize me I will be in position to employ many of the younger ones in the future, of which the year 1916 should be quite profitable. We must stop carrying our money to the white man begging him to take it, when our own color is in every kind of business and commercial competition, begging our support. Every dollar we take from our own race and spend with the white man is a smothering block in our road of progress.

I have pianos ranging from \$50 to \$1,000. Also cabinet talking machines from \$50 up. Call Bomont 1792 W, or call at my store.
